

## ELECTION DAY VOLUNTEER NEEDS

PAID FOR BY THE DEMOCRATIC PARTY OF YORK COUNTY

# 01

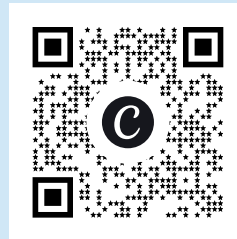

### POLL OBSERVERS

Ensuring that every voter can exercise their voting rights is essential for a thriving democracy. Poll observers play a crucial role in monitoring polling places to guarantee accessibility for all voters. Prior to being assigned to a polling location based on their preferences or specific needs, these observers are required to complete specialized virtual training provided by the Pennsylvania Democratic Party Voter Protection Team.

### POLL GREETERS

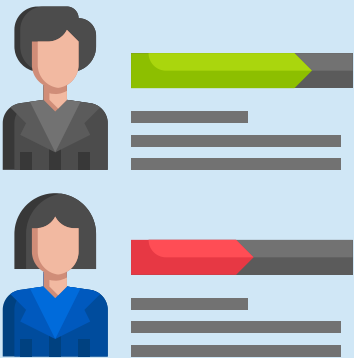

Even in this information age, voters may approach the polls uncertain about their choices. Poll greeters play a crucial role by offering last-minute information about candidates and providing a morale boost when voters encounter volunteers from their party at polling locations. Additionally, poll greeters act as a vital second line of defense, safeguarding voters and ensuring their right to participate in the electoral process.

### ELECTION OFFICE OBSERVERS

In 2019, Pennsylvania enacted a bipartisan bill that authorized mail-in voting. The counting of these ballots commences at 7:00 a.m. on Election Day, with election office observers present to ensure the integrity of the process and that all eligible votes are accurately counted. This initiative is overseen by the Pennsylvania Democrats' Voter Protection Team, which mandates volunteer training prior to their assignment in this capacity.

### DRIVERS TO THE POLLS

Many voters require transportation to polling places on Election Day. The York Democrats are coordinating ride services and are seeking volunteers to assist with this initiative. Volunteers will be responsible for picking up voters, transporting them to the polling locations, waiting while they cast their votes, and ensuring their safe return. To volunteer, individuals must possess a valid driver's license and have insurance coverage.
